Sustainability

Maibec CanExel is the one and only engineered high-density fiber (HDF) cladding.

Don't be fooled by imitations! Our products undergo rigorous resistance testing at the paint and substrate levels.

They have been subjected to extreme outdoor climates and UV resistance in conditions of freezing cold and intense heat to ensure they live up to the Maibec CanExel name.

So you can count on Maibec CanExel engineered cladding in rain, snow, or shine for decades.
