BLACK | NATURE

Radiate stunning sophistication for your home with this luxurious deep Black.

GRANITE * | NATURE

Deep, bold and truly beautiful, watch as your home goes from strong to stronger with Granite.

Manufacturer's warranty substrate and paint finish

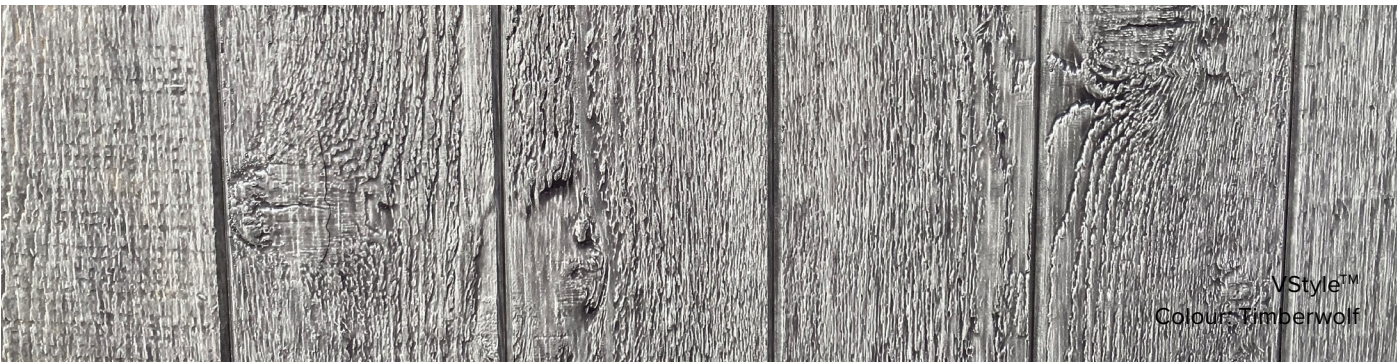

Maintenance

All Maibec CanExel™ cladding finishes are long wearing and require little maintenance.

For best results, siding must be washed annually using non-abrasive household cleaners according to the manufacturer's recommendations. Test cleaners on a small area to ensure they do not damage the finish. Rinse cladding surface thoroughly after cleaning.

DO NOT USE PRESSURE WASHER.

CanExel™ VStyle™

Maibec CanExel VStyle™ profile embraces today's trends!

Deeply textured wood-grain appearance | Innovative system for ease of installation and clean appearance | Can be installed horizontally or vertically | 2440 mm x 305 mm and 3658 mm x 305 mm x 9.5 mm planks with groove.

Won't shrink or split as traditional timber can.

Available in 6 premium colours

Sustainability

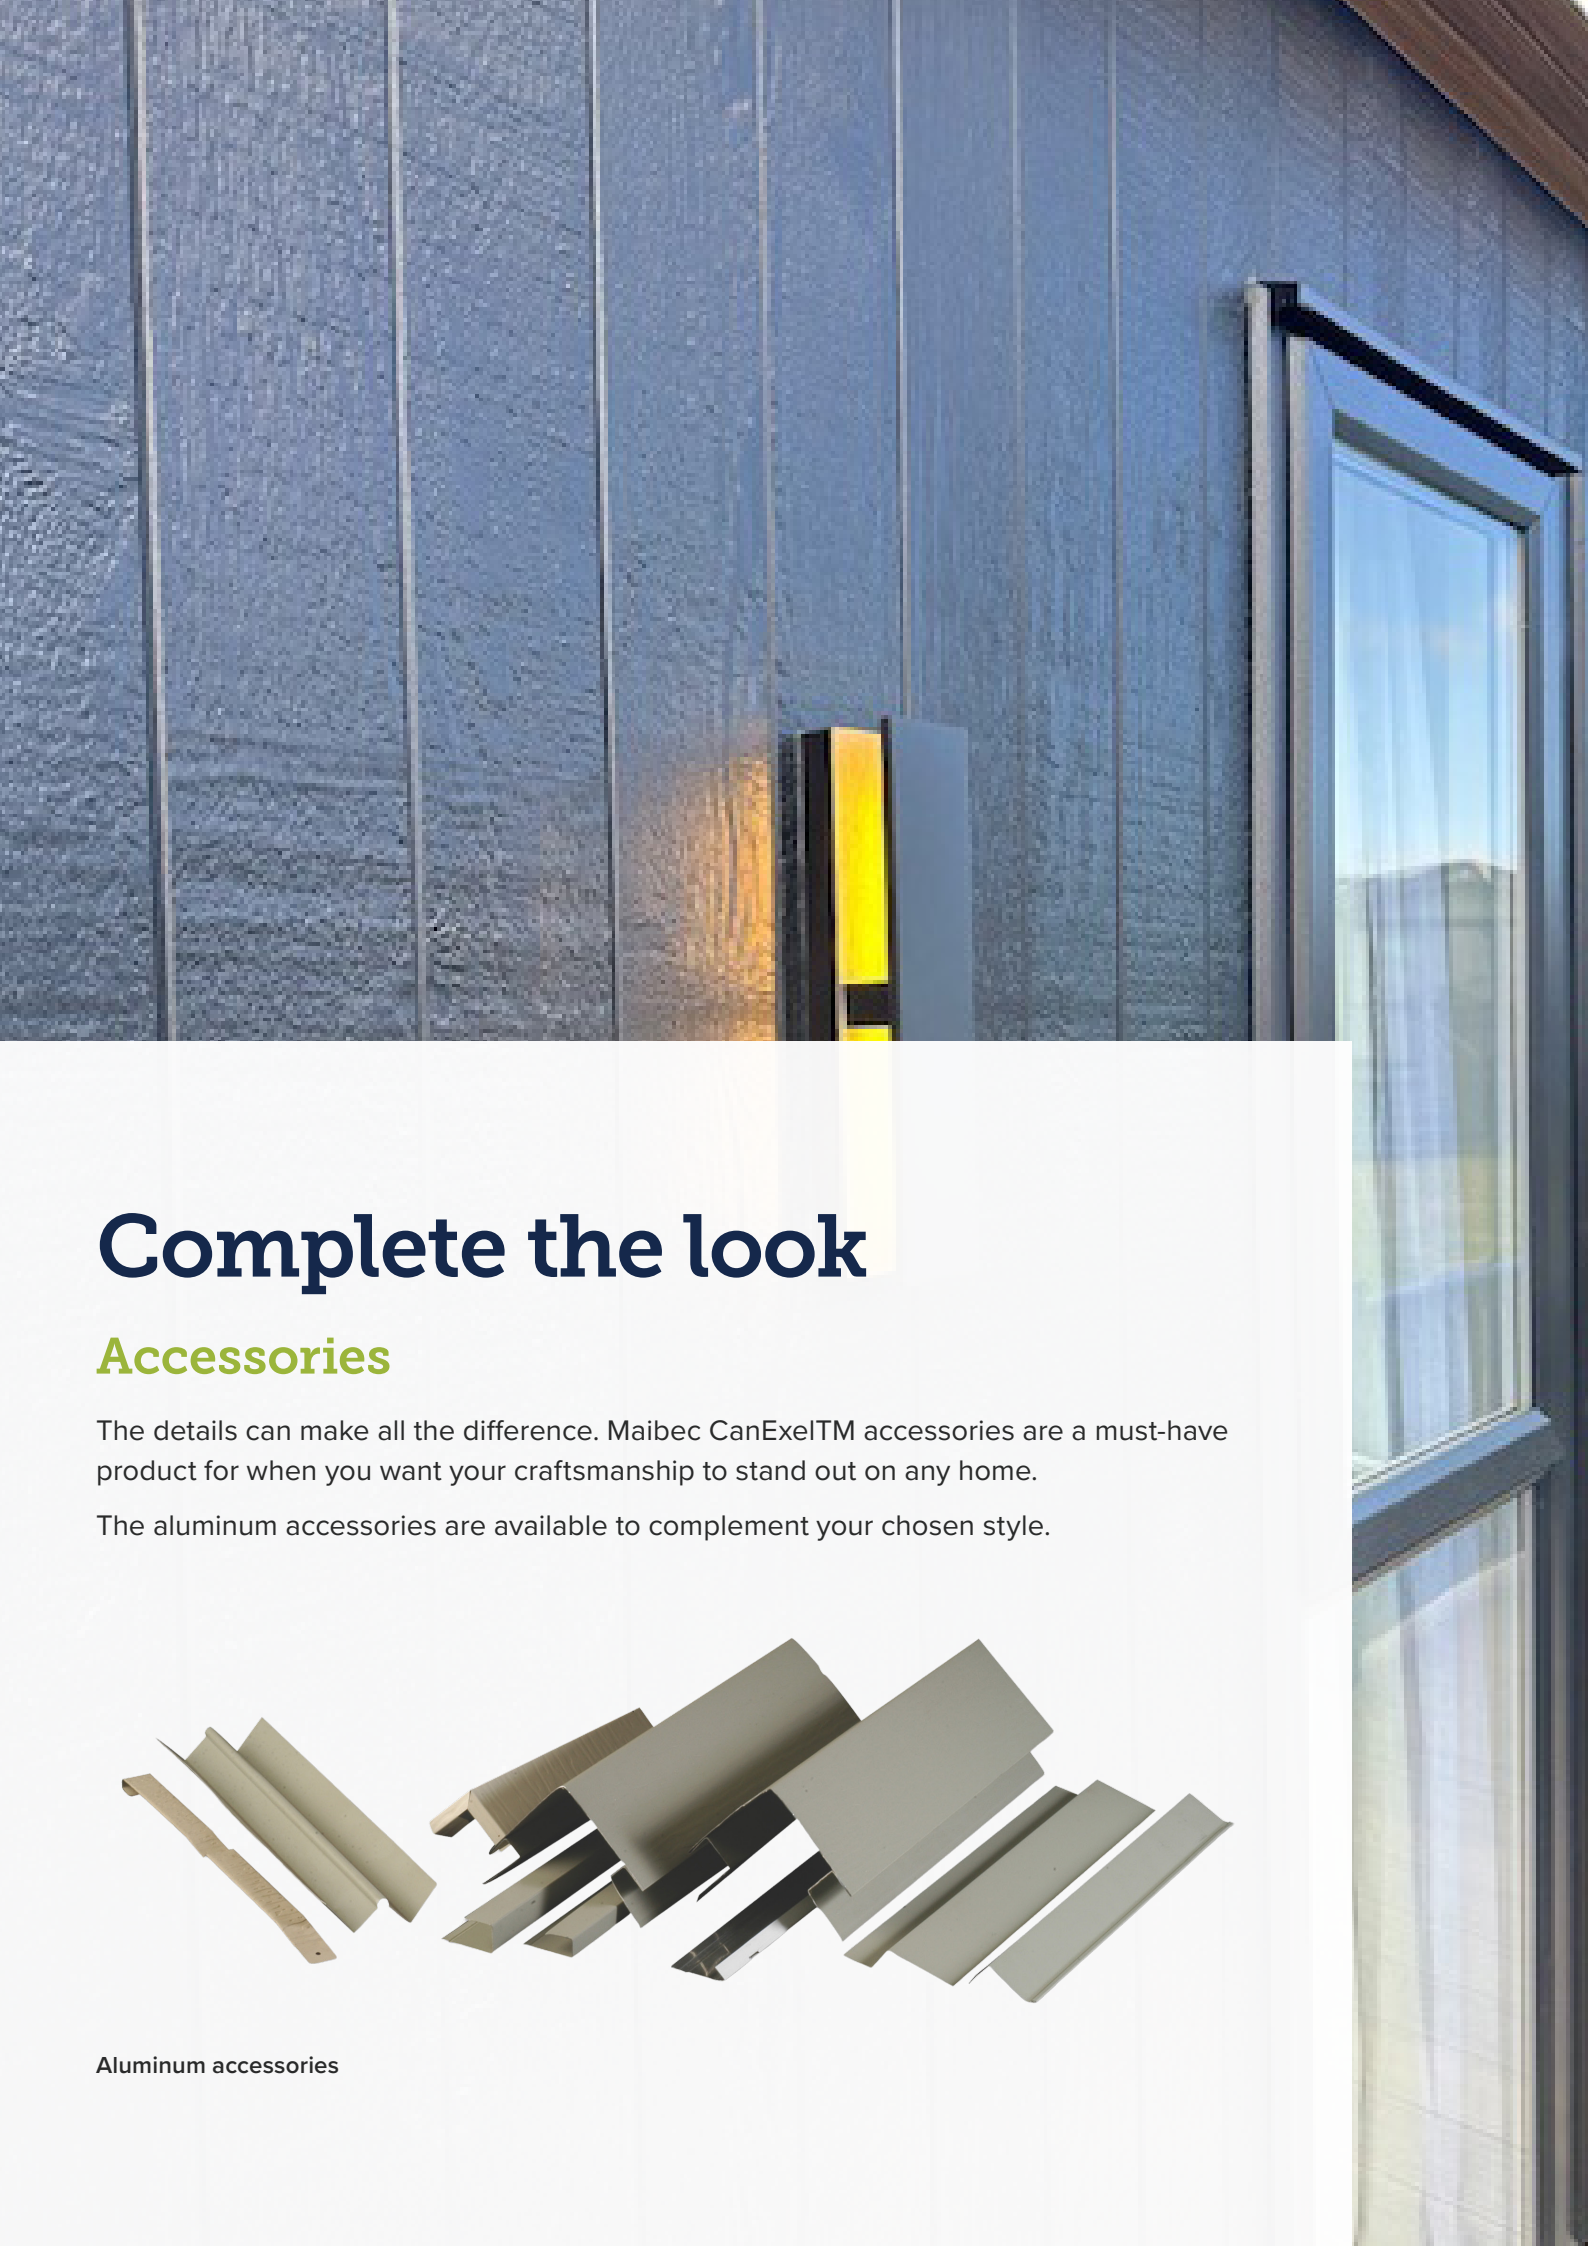

Maibec CanExel is the one and only engineered high-density fiber (HDF) cladding.

Don't be fooled by imitations! Our products undergo rigorous resistance testing at the paint and substrate levels.

They have been subjected to extreme outdoor climates and UV resistance in conditions of freezing cold and intense heat to ensure they live up to the Maibec CanExel name.

So you can count on Maibec CanExel engineered cladding in rain, snow, or shine for decades.

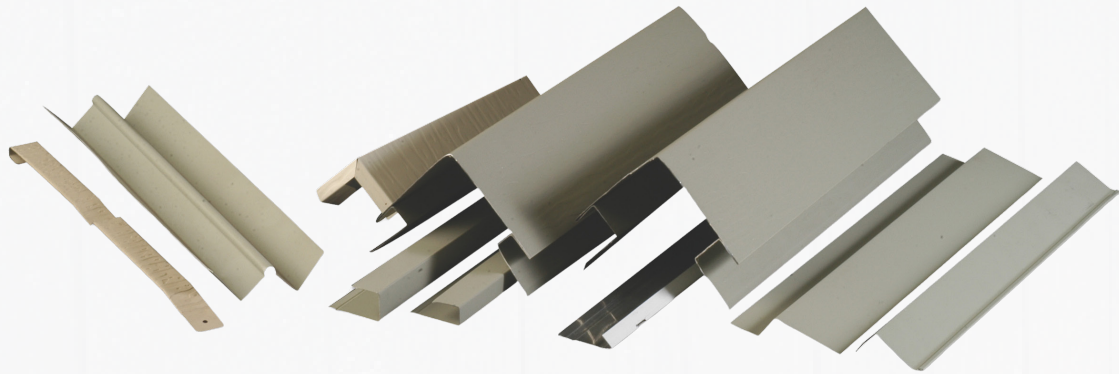

Complete the look

Accessories

The details can make all the difference. Maibec CanExel™ accessories are a must-have product for when you want your craftsmanship to stand out on any home.

The aluminum accessories are available to complement your chosen style.

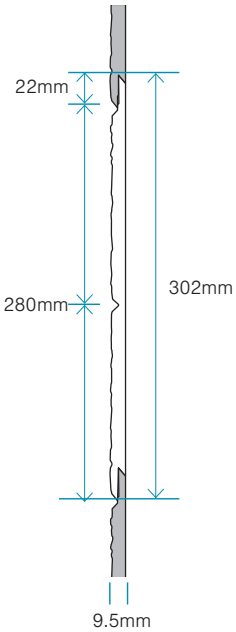

Aluminum accessories

The Maibec CanExel system

Length	Nominal width	Nominal thickness
VStyle™		
2440 mm	305 mm	9.5 mm
3658 mm	305 mm	9.5 mm

VStyle™

Beautiful finish

Maibec CanExel engineered cladding is made from a premium thermoset paint that is unique in the industry. Maibec applies multiple coats of this industrial paint cured at very high temperatures, proving unparalleled resistance to fading, cracking, splitting, and peeling.

Virtually maintenance free.

Authentic wood grain look

Our wood grain patterns are not repeated endlessly. Maibec CanExel presents a wide variety of wood grain patterns that create an amazing, authentic and exclusive style. Combine that with the look of authentic wood fibre for a result that will meet your expectations.

HDF - Impact resistant.
